7th Grade Chesapeake Bay Foundation Canoe Trip Thursday, October 11, 2018

The 7th grade is going on an all-day canoe trip on the Rivanna River guided by the Chesapeake Bay Foundation on Thursday, October 11. We will leave for the reservoir after regular drop off and return before dismissal.

We already have your signed health forms.

The Packing list for the trip is:

- lunch
- drinks
- wear old sneakers or closed-toe sandals: No flip flops or Crocs as these get easily lost in the mud
- swimsuits (wear under shorts and tops - dress code applies)
- layers appropriate for the possible wet weather
- small towel
- a change of clothes for after the trip

CHESAPEAKE BAY FOUNDATION
Saving a National Treasure

Dear Parents/Guardians:

Your student will soon be participating in a Chesapeake Bay Foundation (CBF) One-Day education program. CBF is a private, non-profit conservation organization dedicated to "Save the Bay" with watershed-wide programs in environmental education and resource protection. CBF's environmental education program introduces participants to the wonders of the watershed and works to heighten sensitivity, increase knowledge, and empower citizens to take positive action toward the Bay's restoration.

CBF's educators take more than 30,000 students and teachers into the field annually. From one-day canoe and workboat experiences to week-long stays at one of our learning centers, the philosophy is the same: *To care for the environment, you must love it. To love it, you must know it. To know it, you must experience it.*

During the field day, your student will be participating in a variety of outdoor activities – like pulling a trawl net for fish, marsh mucking, canoeing, and/or dredging for oysters – where they might get **WET** and **MUDDY**. Dressing appropriately and being prepared for an outdoor experience will help make this challenging day(s) rewarding and fun.

Please prepare your student for his or her field experience by:

- Reading the ***Participant Information*** to help determine what to wear, what to bring and expected behavior for their field experience.
- Complete and return the enclosed ***Health Form*** to the classroom teacher prior to your scheduled field date. **No one will be permitted to participate without a completed form.**
- If we have your permission to use photos taken of your student for CBF materials, please sign the ***Photo Release*** section at the bottom of the Health Form.

If you would like more information about this education program, please visit www.cbf.org/programs.

Sincerely,

Chesapeake Bay Foundation
